Note.—The Country of Birth of Persons born in Foreign Parts was required to be stated in the Householders' Schedule, but owing to a want of precision in the mode of giving that information it is probable that the natives of Prussia, Austria, and Hungary are understated in these Tables, and that the numbers referred to Germany include some persons born in the above Countries.
The Children born in the United Kingdom of Foreign Parents are not included in the above numbers.

* The *Registration* or *Union Counties* consist of groups of entire Registration Districts; which Districts are, in general, identical with the Poor Law Unions. As the principle has been adopted of placing a District which extends into more than one County with the County in which either the principal town or the greater part of the population is located, the limits of the Registration Counties differ more or less from the boundaries of the Counties proper, as shown in "Population Tables, Vol. I.—Numbers and Distribution of the People."

† For the Number of Children *at each Year of Age under* 5, *see* Tables 4 and 5.

‡ For the Parishes and Places comprised in each Superintendent Registrar's District, *see* "Population Tables, Vol. I." The Districts are arranged topographically under the Registration Counties, and are numbered consecutively, commencing with the Metropolitan Districts, Division I.

* The *Sub-districts* are subdivisions of the Districts, and severally comprise the Parishes or Places in which the Births and Deaths are recorded by a Registrar appointed for that purpose. For the Parishes and Places comprised in each Sub-district, *see* "Population Tables, Vol. I.—Numbers and Distribution of the People."

Note.—The letter (W.) denotes that a Workhouse is situate within the limits of the Sub-district, and included in the return; (*w.*) indicates that a Workhouse *not* belonging to the District or Union is included in the return. The establishments for pauper children known as Industrial Schools are not here noticed as Workhouses.

† For Ages of Husbands and their Wives *in combination*, *see* Table 8.

‡ In the few instances in which persons described as married have been returned at any age *under* 15, they have been classified with the persons *aged* 15 and under 20.

Note.—The Table is read thus:—In Division IV.—Eastern Counties, there were *unmarried* 334,429 *males*, of whom 210,313 were under 15 years of age,—53,970 aged 15 and under 20 years,—31,705 aged 20 and under 25 years,—and so on; and 334,656 *females*, of whom 206,476 were under 15 years of age,—51,160 aged 15 and under 20 years,—and so on. There were of *married* persons, 201,662 *Husbands*,—218 under 20 years of age,—9,250 aged 20 and under 25 years,—and so on; and 205,620 *Wives*,—1,430 under 20 years of age, 16,201 aged 20 and under 25 years,—and so on. And there were of *widowed* persons, 24,005 *Widowers*,—2 under 20 years of age,—110 aged 20 and under 25 years,—and so on; and 42,208 *Widows*,—13 under 20 years,—202 aged 20 and under 25 years,—and so on. The difference between the number of Husbands and Wives arises from *married* couples having been apart, and either the Husband or Wife having been absent from the Division on the night of the Census.

* In the few instances in which persons described as married have been returned at any age *under* 15, they have been classified in these Tables of Ages of Husbands and Wives with the persons *aged* 15 and under 16 years.

Note.—The Table read *vertically* shows the number of *Wives* at each age, with the ages of their Husbands:—Thus, in the Eastern Counties, *One* Wife of the age of 25 and under 30 years had a Husband aged 18; *Six* had Husbands aged 19; *Fifty-three* had Husbands aged 20; *One thousand seven hundred and thirty-eight* had Husbands aged 21 and under the age of 25.

Read *horizontally* the Table shows the number of *Husbands* at each age, with the ages of their Wives:—Thus, *Three* Husbands of the age of 25 and under 30 years had Wives aged 16; *Fifteen* had Wives aged 17; *Seventy-eight* had Wives aged 18.

At all ages 193,106 Husbands and 193,106 Wives were enumerated as residing together on the night of the Census.

There were also 8,556 Husbands whose Wives were absent (*i.e.*, the Wives were not returned in the same houses as their Husbands), making in all 201,662 Husbands enumerated; and 12,514 Wives whose Husbands were absent (*i.e.*, the Husbands were not returned in the same houses as their Wives), making a total of 205,620 Wives enumerated in the Division.

Note.—In the present and subsequent Tables the Occupations are arranged according to the principle of classification adopted in the preceding summary. The Roman numerals and the other figures in the first Column indicate the numbers of the several Orders and Sub-orders to which the various Occupations have been referred; but where particular Occupation is inapplicable to the sex, or where no persons are classified as following it, the item is omitted in order to save space. The Occupations referred to "*Others*" in the several Sub-orders appear in detail in the Summary Table for England and Wales.

Persons engaged in more than one branch of trade are referred to that which appeared to be their chief pursuit.

The numbers returned under trades and manufactures comprise all persons employed in them, including labourers, apprentices, and assistants, as well as employers. Very young persons are thus sometimes classed under Occupations usually followed by adults.

The Table is read thus:—In Essex there were 508 Clergymen of all ages, of whom 12 were aged 20 and under 25 years, 98 aged 25 and under 35 years, 142 aged 35 and under 45 years, and so on for each respective column of age. See Order III., Sub-order 1 (*a*).

* The "Wives," "Daughters," "Grand-daughters," "Sisters," and "Nieces" (not otherwise described) of Farmers and of Graziers are, if aged 15 years and resident on the farm, &c., presumed to be more or less engaged in farming pursuits, and are therefore referred to Order VIII.; those under 15 years of age are returned as "Children and Relatives," or as "Scholars," Order IV., Sub-orders 3, 4, respectively. The return for "Farm Servant (in-door)" includes Dairy-women and all Female Servants living in Farm-houses, except those employed in domestic duties, as Cooks, Housemaids, Nurses, &c.

Note.—The Wives of Innkeepers, Publicans, Lodging-house Keepers, Shoemakers, Shopkeepers, Butchers, and Farmers are specifically returned in the Table, as they are generally engaged in the same business as their husbands. (See also Notes under Tables 10 and 11.)

Note.—The Country of Birth of Persons born in Foreign Parts was required to be stated in the Householders' Schedule, but owing to a want of precision in the mode of giving that information, it is probable that the Natives of Prussia, Austria, and Hungary are understated in these Tables, and that the numbers referred to Germany include some persons born in the above Countries.

The Children born in the United Kingdom of Foreign Parents are not included in the above numbers.

* The *Registration* or *Union Counties* consist of groups of entire Registration Districts; which Districts are, in general, identical with the Poor Law Unions. As the principle has been adopted of placing a District which extends into more than one County with the County in which either the principal town or the greater part of the population is located, the limits of the Registration Counties differ more or less from the boundaries of the Counties proper, as shown in "Population Tables, Vol. I.—Numbers and Distribution of the People."

† For the number of Children at *each year of age under* 5, *see* Tables 4 and 5.

‡ For the Parishes and Places comprised in each Superintendent Registrar's District, *see* "Population Tables, Vol. I." The Districts are arranged topographically under the Registration Counties, and are numbered consecutively, commencing with the Metropolitan Districts Division I.

* The *Sub-districts* are sub-divisions of the Districts, and severally comprise the Parishes or Places in which the Births and Deaths are recorded by a Registrar appointed for that purpose. For the Parishes and Places comprised in each Sub-district, *see* "Population Tables, Vol. I.—Numbers and Distribution of the People."

Note.—The letter (W.) denotes that a Workhouse is situate within the limits of the Sub-district, and included in the return. The establishments for pauper children known as Industrial Schools are not here noticed as Workhouses.

† For Ages of Husbands and their Wives *in combination*, *see* Table 8.

‡ In the few instances in which persons described as married have been returned at any age *under* 15, they have been classified with the persons *aged* 15 and under 20.

Note.—The Table is read thus:—In Division V.—South-western Counties, there were *unmarried* 537,564 *males*, of whom 329,248 were under 15 years of age,—91,195 aged 15 and under 20 years,—55,291 aged 20 and under 25 years,—and so on; and 562,909 *females*, of whom 323,613 were under 15 years of age,—89,636 aged 15 and under 20 years,—and so on. There were of *married* persons, 308,223 *Husbands*, 366 under 20 years of age,—14,916 aged 20 and under 25 years,—and so on; and 317,455 *Wives*, 1,907 under 20 years of age,—23,864 aged 20 and under 25 years,—and so on. And there were of *widowed* persons, 33,404 *Widowers*, 8 under 20 years of age,—141 aged 20 and under 25 years,—and so on; and 76,159 *Widows*, 27 under 20 years,—355 aged 20 and under 25 years,—and so on. The difference between the number of Husbands and Wives arises from *married* couples having been apart, and either the Husband or Wife having been absent from the Division on the night of the Census.

																								317455 Total of Wives enumerated.		

* In the few instances in which persons described as married have been returned at any age *under* 15, they have been classified in these Tables of Ages of Husbands and Wives with the persons *aged* 15 and under 16 years.

Note.—The Table read *vertically* shows the number of *Wives* at each age, with the ages of their Husbands:—Thus, in the South-western Counties, *Three* Wives of the age of 25 and under 30 years had Husbands aged 18; *Thirteen* had Husbands aged 19; *Eighty-seven* had Husbands aged 20; *Three thousand two hundred and twelve* had Husbands aged 21 and under the age of 25.

Read *horizontally* the Table shows the number of *Husbands* at each age, with the ages of their Wives:—Thus, *Four* Husbands of the age of 25 and under 30 years had Wives aged 15; *Three* had Wives aged 16; *Nineteen* had Wives aged 17.

At all ages, 291,853 Husbands and 291,853 Wives were enumerated as residing together on the night of the Census.

There were also 16,370 Husbands whose Wives were absent (*i.e.*, the Wives were not returned in the same houses as their Husbands), making in all 308,223 Husbands enumerated; and 25,602 Wives whose Husbands were absent (*i.e.*, the Husbands were not returned in the same houses as their Wives), making a total of 317,455 Wives enumerated in the Division.

Note.—In the present and subsequent Tables the Occupations are arranged according to the principle of classification adopted in the preceding Summary. The Roman Numerals and the other figures in the first column indicate the numbers of the several Orders and Sub-orders to which the various Occupations have been referred; but where a particular Occupation is inapplicable to the sex, or where no persons are classified as following it, the item is omitted in order to save space. The Occupations referred to "*Others*" in the several Sub-orders appear in detail in the Summary Table for England and Wales.

Persons engaged in more than one branch of trade are referred to that which appeared to be their chief pursuit.

The numbers returned under trades and manufactures comprise all persons employed in them, including labourers, apprentices, and assistants, as well as employers. Very young persons are thus sometimes classed under Occupations usually followed by adults.

The Table is read thus:—In Wiltshire there were 397 Clergymen of all ages, of whom 8 were aged 20 and under 25 years, 106 aged 25 and under 35 years, 94 aged 35 and under 45 years, and so on for each respective column of age. See Order III., Sub-order 1 (*a*).

Note.—The Wives of Innkeepers, Publicans, Lodging-house Keepers, Shoemakers, Shopkeepers, Butchers, and Farmers are specifically returned in the Table, as they are generally engaged in the same business as their husbands. (See also Notes under Tables 10 and 11.)

* The "Wives," "Daughters," "Grand-daughters" "Sisters," and "Nieces" (not otherwise described) of Farmers and of Graziers are, if aged 15 years and resident on the farm, &c., presumed to be more or less engaged in farming pursuits, and are therefore referred to Order VIII.; those under 15 years of age are returned as "Children and Relatives," or as "Scholars," Order IV., Sub-orders 3, 4, respectively. The return for "Farm Servant (in-door)" includes dairywomen and all female servants living in Farm-houses, except those employed in domestic duties, as Cooks, Housemaids, Nurses, &c.

Note.—The Country of Birth of Persons born in Foreign Parts was required to be stated in the Householders' Schedule, but owing to a want of precision in the mode of giving that information it is probable that the natives of Prussia, Austria, and Hungary are understated in these Tables, and that the numbers referred to Germany include some persons born in the above Countries.

The Children born in the United Kingdom of Foreign Parents are not included in the above numbers.

* The *Registration* or *Union Counties* consist of groups of entire Registration Districts; which Districts are, in general, identical with the Poor Law Unions. As the principle has been adopted of placing a District which extends into more than one County with the County in which either the principal town or the greater part of the population is located, the limits of the Registration Counties differ more or less from the boundaries of the Counties proper, as shown in "Population Tables, Vol. I., Numbers and Distribution of the People."

† For the number of Children at *each year of age under* 5, *see* Tables 4 and 5.

‡ For the Parishes and Places comprised in each Superintendent Registrar's District, *see* "Population Tables, Vol. I." The Districts are arranged topographically under the Registration Counties, and are numbered consecutively, commencing with the Metropolitan Districts, Division I.

* The *Sub-districts* are sub-divisions of the Districts, and severally comprise the Parishes or Places in which the Births and Deaths are recorded by a Registrar appointed for that purpose. For the Parishes and Places comprised in each Sub-district, *see* "Population Tables, Vol. I., Numbers and Distribution of the People."

Note.—The letter (W.) denotes that a Workhouse is situate within the limits of the Sub-district, and included in the return; (*w*) indicates that a Workhouse not belonging to the District or Union is included in the return. The establishments for pauper children known as Industrial Schools are not here noticed as Workhouses.

† In the few instances in which persons described as married have been returned at any age *under* 15, they have been classified with the persons *aged* 15 and under 20 years.

Note.—The Table is read thus:—In Division VI.—West-midland Counties, there were *unmarried* 729,926 *males*, of whom 444,660 were under 15 years of age,—114,683 aged 15 and under 20 years,—78,095 aged 20 and under 25 years,—and so on; and 724,437 *females*, of whom 442,861 were under 15 years of age,—112,510 aged 15 and under 20 years,—and so on. There were of *married* persons, 425,804 *Husbands*, 711 under 20 years of age,—25,778 aged 20 and under 25 years,—and so on; and 429,429 *Wives*, 3,901 under 20 years of age,—41,335 aged 20 and under 25 years,—and so on. And there were of *widowed* persons, 42,852 *Widowers*, 13 under 20 years of age,—251 aged 20 and under 25 years,—and so on; and 84,120 *Widows*, 26 under 20 years,—482 aged 20 and under 25 years,—and so on. The difference between the number of Husbands and Wives arises from *married* couples having been apart, and either the Husband or Wife having been absent from the Division on the night of the Census.

* In the few instances in which persons described as married have been returned at any age *under* 15, they have been classified in these Tables of Ages of Husbands and Wives with the persons *aged* 15 and under 16 years.

Note.—The Table read *vertically* shows the number of *Wives* at each age, with the ages of their Husbands:—Thus, in the West-midland Counties, *One* Wife of the age of 25 and under 30 years had a Husband aged 17; *Two* had Husbands aged 18; *Twenty-two* had Husbands aged 19; *One hundred and thirty-seven* had Husbands aged 20; *Four thousand five hundred and ninety-two* had Husbands aged 21 and under 25 years.

Read *horizontally* the Table shows the number of *Husbands* at each age, with the ages of their Wives:—Thus, *Three* Husbands of the age of 25 and under 30 years had Wives aged 15; *Six* had Wives aged 16; *Thirty-four* had Wives aged 17.

At all ages, 405,506 Husbands and 405,506 Wives were enumerated as residing together on the night of the Census.

There were also 20,298 Husbands whose Wives were absent (*i.e.*, the Wives were not returned in the same houses as their Husbands), making in all 425,804 Husbands enumerated; and 23,923 Wives whose Husbands were absent (*i.e.*, the Husbands were not returned in the same houses as their Wives), making a total of 429,429 Wives enumerated in the Division.

Note.—In the present and subsequent Tables the Occupations are arranged according to the principle of classification adopted in the preceding summary. The Roman numerals and the other figures in the first column indicate the numbers of the several Orders and Sub-orders to which the various Occupations have been referred; but where a particular Occupation is inapplicable to the sex, or where no persons are classified as following it, the item is omitted in order to save space. The Occupations referred to "*Others*" in the several Sub-orders appear in detail in the Summary Table for England and Wales.

Persons engaged in more than one branch of trade are referred to that which appeared to be their chief pursuit.

The numbers returned under trades and manufactures comprise all persons employed in them, including labourers, apprentices, and assistants, as well as employers. Very few persons are thus sometimes classed under Occupations usually followed by adults.

The Table is read thus:—In Gloucestershire there were 652 Clergymen of all ages, of whom 7 were aged 20 and under 25 years, 140 aged 25 and under 35 years, 159 aged 35 and under 45 years, and so on for each respective column of age. See Order III., Sub-order 1 (*a*).

* The "Wives," "Daughters," "Grand-daughters," "Sisters," and "Nieces" (not otherwise described) of Farmers and of Graziers are, if aged 15 years and resident on the farm, &c., presumed to be more or less engaged in farming pursuits, and are therefore referred to Order VIII.; those under 15 years of age are returned as "Children and Relatives," or as "Scholars," Order IV., Sub-orders 3, 4, respectively. The return for "Farm Servant (in-door)" includes Dairy-women and all Female Servants living in Farm-houses, except those employed in domestic duties, as Cooks, Housemaids, Nurses, &c.

Note.—The Wives of Innkeepers, Publicans, Lodging-house Keepers, Shoemakers, Shopkeepers, Butchers, and Farmers are specifically returned in the Table, as they are generally engaged in the same business as their husbands. (See also Notes under Tables 10 and 11.)
